Professional Summary

Motivated and detail-oriented Computer Science undergraduate with a strong interest in full stack web development and problem-solving. Skilled in building responsive web interfaces using modern technologies such as React.js and Tailwind CSS. Currently strengthening expertise in Data Structures and Algorithms to develop efficient and scalable software solutions. Passionate about continuous learning and contributing to real-world projects.

Education

Shri Ramswaroop Memorial University

2024 – 2028

Bachelor of Technology in Computer Science Engineering

GPA: 6.5

Modern Academy Inter College

Class XII: 70%

Class X: 82%

Technical Skills

Programming Languages: JavaScript, C, HTML, CSS

Frameworks & Libraries: React.js, Tailwind CSS

Tools & Platforms: Git, GitHub, Visual Studio Code

Core Concepts: Data Structures, Algorithms, REST APIs, Problem Solving

Projects

Personal Portfolio Website

- Developed a responsive personal portfolio using React.js and Tailwind CSS.
- Designed user-friendly UI with modern layout and smooth navigation.
- Showcased projects, skills, and contact information effectively.

To-Do List Application

- Built a task management application using JavaScript with CRUD functionality.
- Implemented local storage for persistent data handling.
- Focused on improving user experience with simple and clean UI.

Experience

Student — Self-Learning Developer

- Actively learning full stack development and practicing Data Structures and Algorithms.
- Building hands-on projects to strengthen development and problem-solving skills.

Additional Information

- Strong interest in Web Development and Software Engineering.
- Quick learner with a proactive approach to skill development.
